Thank you for your interest in Wagner Farms CSA share. Prepaid Community Supported Agriculture provides up front funds for the farm to conduct business and guarantees the customer a set dollar value of product during the agriculture season.

We offer 2 options: Full share - \$500 (\$600 value in product)
1\2 share - \$250 (\$300 value in product)

You will be issued 2 share cards with a number, name and address and share information. Additional cards will be provided by request. If you forget your card but wish to make a purchase we can verify you with proper ID. If you lose your card notify us immediately so we can send you a replacement card.

Shares may be purchased in January/February. (Shares may also be purchased anytime during the season). If you wish to purchase a share as a gift we will need the name and address of the recipient.

You may use your share card to purchase any item we sell: fresh fruits and vegetables (items produced by us or purchased for resale are included), all U-pick items, special orders, plants, honey, syrup, cheese, straw, Christmas trees, wreaths and centerpieces and any other available items. If you need a special order item or large quantities please give us enough time to fill your order. You choose what you wish to purchase with your share.

You may purchase at anytime from issuance of your card through Dec. 31st of that calendar year. Any balance left on your share after Dec. 31st will not be carried over to the next year. Any remaining monies left on shares will be applied to Wagner Farms community donation program. You choose when you want product with your share.

You may use your share card at the farm stand, at any Farmers' Market we attend, or at any special event we do. There is no delivery to your address.

You may pay for your share with cash, personal check, debit card or Pay Pal. If paying in person, by check, or debit card we will have you fill out a form for required information. If paying with Pay Pal information can be provided on line. Your share ID cards will be mailed to you. Payment is due at time of sign up or upon invoice through Pay Pal. Due to government rules and regulations EBT/SNAP cards cannot be used to purchase a share months in advance. There is a 14 day advance payment limit for EBT/SNAP.
